PRINTERS

P2055DN Network laser printer, duplex print, 1200 dpi, 35ppm, 128mb ram, 250 sheet tray **\$377**
CP2025DN Network color laser printer, duplex print, 600X600 dpi, 21ppm, 128mb ram, 250 sheet tray **\$471**

The above are just 2 examples of a wide variety of printer options available. Things to consider when buying the printer: do you need color printing; will this be connected via usb or should it be a network printer; do you need duplex printing (2-sided); is print speed crucial; what is your budget.

SOFTWARE

When we receive new computers, we install Microsoft Office, Symantec Anti-Virus, Acrobat Reader, SSH Client, WinZip, WS_FTP, AdAware, and SpyBot Search and Destroy.

We can also install Banner and Data Warehouse if you request it. If you would like us to install Mozilla or Netscape as your internet browser, we will do that for you. If you have a disk with additional software you want added, we will install that. Also, if you wish to purchase a license for new software, we can purchase it for you at an educational discount. You can view the prices of the most commonly requested software at <http://my.science.oregonstate.edu/node/21>. If you want software that is not on the list, please let us know and we will try to get it for you at an academic discount.
